Warranty period is from Date of Manufacture, as indicated on the cover plate.

View the identification guide at tsebrakes.com for help.

Automatic and Self-setting Automatic Slack Adjusters cannot compensate for other deficiencies in the brake system. Before returning please check for:

- Correct Installation
- Regular Maintenance
- Loose Wheel Bearings
- Worn Cam Bushes and Cam bearings
- Defective Brake Chambers
- Missing or worn Return Springs

All claims must be made within the warranty period. The TSE slack adjuster must be returned for examination, together with detail of the fault found, distance in service and application.

TSE warranty does not cover parts which fail due to incorrect installation or abuse. TSE does not accept liability for any consequential losses arising from the failure of the unit.
